# ICLIF'S 5TH LEADERSHIP ENERGY SUMMIT ASIA (LESA) 8 - 9 NOV 2017, SASANA KIJANG, KUALA LUMPUR

At Iclif, we believe leaders are driven by a burning desire to create a better future. They possess an inner strength fuelled by a set of deeply held values and clear purpose, which prevents them from giving up when the going gets tough. We call this strength 'Leadership Energy'.

In the past 4 years, thousands of business leaders and leadership experts across industries have joined us at the Leadership Energy Summit Asia (LESA). This year, discover what it takes to be a transformative leader in the 21st Century through a panel of leaders we have brought together from across the globe. Let their stories and leadership energy inspire you to envision and achieve your own purpose-driven goals to create a better future.

“ *LESA has been very inspiring for all of us. It's a great learning experience for our executives.*

**CEO, International Bank**

*LESA is not a business conference. It's a 'think' event where you get inspired to find your own path to success. Truly motivating!*

**CEO, Insurance Company**

”

## INFLUENCING THE SHAPE OF TOMORROW WITH OPEN SOURCE LEADERSHIP

Today, global business has experienced a major shift. The world's largest taxi company owns no cars, and employs no drivers directly. The world's largest hotel business owns no properties, employs no housekeeping or room service. All communications have gone digital and almost everything we know as normal has changed dramatically.

**Business-as-usual is a thing of the past.** Free and abundant information, 24/7 connectivity, and the empowerment of everyone has transformed companies into open-source organisations—and every leader must adapt to succeed.

This year's conference is an interactive exchange session that will redefine the meaning of transformative leadership today – one that is much more suited to today's uber-connected and uber-populated age.

Ready to harness your Leadership Energy and wield it to your benefit? A truly rewarding experience awaits.

### CONNECT WITH THE WORLD'S LEADING MINDS

This year, we have gathered 7 renowned global business and enterprise leaders from the region and around the world to share their stories with you. They may come from different industries ranging from finance, film animation to even sports, but they share the same goal: to spearhead change for a better tomorrow.

It will be a rewarding experience to peek into the minds of these highly sought after speakers and learn valuable lessons to apply to your organisation and even personal life.

# WHY SHOULD YOU AND YOUR TEAM ATTEND THE 5TH LEADERSHIP ENERGY SUMMIT ASIA

## Insightful Presentations

Listen to renowned business and enterprise leaders from the region and around the world as they reveal how they have harnessed their Leadership Energy to achieve success.

## CEO Panel Discussions

Learn from industry leaders as they boldly challenge the status quo and share their unique points of view in addressing the most pressing leadership issues.

## Masterclass Hands-On Learning

Build up your arsenal of capabilities and practical skills in the most essential leadership aspects, through a refreshing combination of East and West, as well as modern and traditional influences.

## ILEA Awards

Special speeches will be given by Iclif Leadership Energy Awards winners that share their journey and how they overcome barriers in achieving their visions that benefit to their company, business and community.

## THE LAUNCH OF OPEN SOURCE LEADERSHIP

Spanning 28 countries and including the responses of approximately 16,000 executives, the Open Source Leadership study was designed to explore the form of leadership required to tackle both the daunting challenges and exciting opportunities in today's transparent, free, and empowered workforce. It also explored the drivers of employee motivation for superior performance in the fast-moving and super connected 21st Century. The findings are summarised in the book Open Source Leadership, published by McGraw-Hill, New York, and scheduled for global release in October 2017.

At LESA, Rajeev is going to share the first-hand knowledge about Open Source Leadership. You will stand a chance to get a complimentary copy with his autograph.

## 2-Day Summit Pass

RM 2,888 (100% HRDF Claimable)

A special offer -15% Discount is given to company group booking and/or advanced purchase before 1st September 2017.

# ABOUT ICLIF

The Iclif Leadership and Governance Centre was established and funded by The Central Bank of Malaysia as a non-profit organisation in 2003. We are the only organisation in the APAC region focusing on both leadership and corporate governance, providing highly practical, holistic and relevant leadership development and corporate governance globally.

Our faculty and consultant team consists of professionals from across a wide spectrum of industries and geographies. Each member brings a wealth of knowledge and experience from elite academic institutions or Fortune 500 companies. While based mainly in Asia, their extensive experience provides them with an all-encompassing global perspective for Asia and beyond.
